EN-BIO-OODH-07.01.2021

## Attention!

- Check the expiration date on the label;
- Storage temperature is between 15 – 30°C;
- Avoid direct sunlight;
- Visually check for bottles to be undamaged and the sealing intact;
- Harmful to aquatic life with long-lasting effects;
- Avoid release to the environment;
- Keep out of the reach of children;
- Oosafe® disinfectant bottles are made of high-density polyethylene (HDPE) and are recyclable. For the sake of the environment, it is recommended to dispose bottles according to the local regulations.

- Dispose of contents in accordance with local regulations.
- Cardboard boxes shall be disposed according to the local regulations for paper recycling;
- Plastic bottles and cardboard boxes are flammable. Keep away from fire.

## First-aid measures!

- Inhalation: Supply fresh air; consult doctor in case of complaints.
- Skin contact: The product is non-sensitizing and non-irritating, suitable for frequent use.
- Eye contact: Rinse opened eyes for 10 minutes under running water. Force to open eyelids. Consult a doctor if irritation persists.
- Ingestion: Rinse mouth and drink plenty of water. Do not cause vomiting. If symptoms persist, consult doctor.

## Additional information:

For more detailed information about the products, safety refer to disinfectants' safety data sheet.

**Intended use**

- Hand disinfection.

-

**Product description**

Oosafe® Hand Disinfectant is a colourless, odourless, ready to use water-based hand disinfectant. The disinfectant is alcohol-free, non-fragranced, does not release volatile organic compounds (VOCs) and therefore is a favourable disinfectant for use by professionals in in-vitro fertilization (IVF) laboratories.

**Application**

Follow laboratory's hygienic procedure for washing hands before using hand disinfectant.

For effective hand disinfection, apply minimum 3 ml of disinfectant and rub hands until they are completely dry.

**Features**

- Clear, odourless;
- Ready-to-use;
- Alcohol-free;
- Non-VOC releasing;
- Mouse embryo assay (MEA) and Human Sperm Survival Assay (HSSA) tested for each LOT;
- Bactericidal, Yeastidal and Virucidal on Vaccinia virus.

**Durability**

After opening Oosafe® Disinfectant bottles or containers, the mixture maintains stability for 3 years under proper storage condition.
